## OBJECTIVE

Motivated and detail-oriented PHP Laravel Developer with hands-on experience in building dynamic web applications and APIs. Skilled in PHP, Laravel, MySQL, and jQuery with a good understanding of clean, maintainable code. Looking for an opportunity to contribute to a challenging development environment and grow as a full-stack web developer

## SUMMARY OF SKILLS

• HTML: Skilled in HTML5, adept at creating structurally sound and visually appealing webpages. Proficient in using semantic HTML to improve accessibility and SEO.

• PHP: Experienced in PHP programming, with a strong grasp of object-oriented programming concepts. Capable of writing efficient, secure, and clean code for a wide range of web applications.

• MySQL: Proficient in database management using MySQL. Experienced in designing, querying, and maintaining databases with an emphasis on data integrity and performance optimization.

• jQuery: Skilled in jQuery for rapid web development, specializing in DOM manipulation, AJAX interactions, and event handling to create dynamic and interactive user experiences.

• Laravel: Experienced with Laravel framework, using it to build robust and scalable web applications. Proficient in MVC architecture, middleware, blade templating, Eloquent ORM, and artisan command-line operations.

• Bootstrap: Proficient in using Bootstrap to build responsive and consistent UIs, leveraging its components, grid system, and CDN-based integration.

• Qualifications : Bachelor of Computer Application (BCA) Vivekananda Global University, Jaipur (Rajasthan)
